Wing
systemtronic

Quality, timeless design, excellence and adaptability are the values that guide Systemtronic's journey of over 30 years.

Since 1988 we develop and manufacture contemporary auxiliary furniture that provides solutions for both the contract and residential sectors, effectively addressing the needs of such diverse spaces as offices and meeting rooms, hotels, education centers, healthcare facilities, restaurants and homes.

Our collections feature auxiliary furniture, storage systems, solutions for new technologies, accessories and complements with impeccable design and a distinct approach to problem-solving that makes us unique.

Our products, certified by the Technological Institute AIDIMME, are 100 % manufactured in Europe using top quality materials and employing the best sustainability practices.

ENG

Calidad, diseño atemporal, excelencia y adaptabilidad son los valores que guían la trayectoria de más de 30 años de Systemtronic.

Desde 1988 desarrollamos y fabricamos mobiliario auxiliar contemporáneo que aporta soluciones tanto para el ámbito *contract* como para el residencial, con respuestas eficaces en espacios tan diversos como oficinas y salas de reunión, hoteles, centros educativos, centros de salud, restaurantes y hogares.

Nuestras colecciones proponen muebles auxiliares, sistemas de almacenaje, soluciones para nuevas tecnologías, accesorios y complementos con un diseño impecable y una propuesta diferente para la resolución de problemas que nos hace únicos.

Nuestros productos, certificados por el Instituto Tecnológico AIDIMME, son fabricados 100 % en Europa con materiales de máxima calidad y empleando las mejores prácticas de sostenibilidad.

ESP

Emotions & Solutions

Not many things bring as much serenity to a space as the image of a perfectly ordered shelf. Open to new horizons, at Systemtronic we have raised our sights to find solutions such as those of the Wing collection, which embrace spaces with its open wings. Furniture that breathes symmetry, while its horizontal and vertical lines merge with your walls in a symbiosis of design and architecture. A qualitative leap in the evolution of Systemtronic with all the reliability that comes from the values of good design, excellence and adaptability that guide our brand.

ENG

Pocas cosas aportan tanta serenidad a un espacio como la imagen de una estantería perfectamente ordenada. Abiertos a nuevos horizontes, en Systemtronic levantamos la mirada para encontrar soluciones como las de la colección Wing, que acogen nuestros espacios con sus alas abiertas. Muebles que respiran simetría, mientras sus líneas horizontales y verticales se funden con nuestras paredes en una simbiosis de diseño y arquitectura. Un salto cualitativo en la evolución de Systemtronic con toda la seguridad que proporcionan los valores del buen diseño, la excelencia y la adaptabilidad que guían a nuestra marca.

ESP

Looking upwards

A graduate of Industrial Design from Barcelona's Elisava University School of Design and Engineering, Mario Ruiz stands out for his discretion, allowing products to speak for themselves through their clean and coherent lines. His designs speak volumes in their simplicity; they live with their users without being conspicuous. His extensive career experience is remarkable for its multidisciplinarity and international projection, with projects that span furniture, lighting and technology design, architecture and creative direction.

ENG

He has received over 50 awards in Europe and the United States, including the National Design Prize 2016, several Wallpaper Awards, Red Dot, IF, Deltas de Plata, Design Plus, among others. His work has been featured in several solo exhibitions, like the monographic show organized by the Instituto Cervantes of Milan during the Salone del Mobile 2018 or the one hosted by Feria Hábitat València 2018.

Licenciado en Diseño Industrial por la Escuela Universitaria de Diseño e Ingeniería Elisava de Barcelona, Mario Ruiz destaca por su discreción, dejando que los productos hablen por sí mismos a través de sus formas limpias y comprensibles. Sus diseños dicen mucho con poco; conviven con quien los usa sin hacer ruido. Su amplia trayectoria sobresale por su multidisciplinariedad y proyección internacional, con proyectos que abarcan el diseño de mobiliario, iluminación, tecnología, arquitectura y dirección creativa.

ESP

Ha recibido más de 50 galardones en Europa y Estados Unidos, incluyendo el Premio Nacional de Diseño 2016 y varios Wallpaper Awards, Red Dot, IF, Deltas de Plata, Design Plus, entre otros. Su trabajo ha protagonizado exposiciones individuales, como la monográfica organizada por el Instituto Cervantes de Milán durante el Salone del Mobile 2018 o la que le dedicó la Feria Hábitat València 2018.

Mario Ruiz

The Wing collection is a very versatile modular furniture system made of extruded aluminum. Its design is discreet, with a structure of essential shapes and shelves of subtle profiles that instill an expression of lightness and sophistication into the piece. The modules can be configured in multiple ways and heights to suit diverse needs and spaces, both in the contract and residential environments. The option to integrate sliding panels, oak or technical stone covers on the top shelf, as well as various accessories, serves to enhance and complement the functional nature of the system.

ENG

La colección Wing es un sistema de muebles modulares muy versátil de aluminio extruido. Su diseño es discreto, con una estructura de formas esenciales y estantes de perfiles sutiles que otorgan a la pieza una imagen de ligereza y sofisticación. Los módulos pueden configurarse de múltiples formas y alturas para responder a diversas necesidades y espacios, tanto en el ámbito *contract* como en el residencial. La opción de integrar paneles deslizantes, embellecedores de roble o piedra técnica sobre el estante superior, así como otros accesorios, contribuye a ampliar y complementar la naturaleza funcional del sistema.

DESIGN
AWARD
2022

At Systemtronic, we understand that working sustainably lays the foundations for an eco-efficient model which contributes to the reduction of our environmental footprint. The flexible and extremely adaptable design of the products in the Wing collection allows them to be reused, resulting in a longer lifespan. They are made with 100 % recyclable materials.

At least 25 % of the aluminum used is recycled. The paints do not contain solvents, do not consume water and do not generate emissions or waste. The incorporated fabrics are made entirely of recycled material and its manufacturing process does not generate any rubbish. The result is a lower environmental impact.

ENG

En Systemtronic entendemos que el quehacer sostenible sienta las bases de un modelo eco-eficiente que contribuye a reducir la huella ambiental. El diseño flexible y extremadamente adaptable de los productos de la colección Wing permite la reutilización de los mismos, lo que hace que su vida útil sea más larga. Los materiales con que se fabrican son 100 % reciclables. Al menos el 25 % del aluminio utilizado, es reciclado. Las pinturas usadas no contienen disolventes, no consumen agua y no generan emisiones ni vertidos. Por su parte, los tejidos incorporados están compuestos enteramente por material reciclado y su proceso de fabricación no genera ningún residuo. El resultado es un impacto medioambiental menor.

COMPOSITION 8
1600 Freestanding Shelves
1600 Wall Shelves
page 129

Corner freestanding, 1600 mm inner width. Each level comprises right-side and left-side shelves, joined by two inner flat bars that fix them in place. The shelves, with rounded corners, have trims on both ends that conceal the interior of the profile. Its corner arrangement and its strong joints give this model great stability, which allows it to keep the measurement of its bases at 250 mm, without the need to use wall or floor anchorings. It is possible to integrate sliding panels of 725 mm and 1125 mm, in front or rear position. Combinable with the rest of the references in the collection. The maximum recommended height is seven shelves.

ENG

Estantería esquinera de 1600 mm de ancho interior. Cada nivel está compuesto por estantes de lateral derecho e izquierdo, unidos mediante dos pletinas en su interior que sirven para fijarlos. Los estantes presentan esquinas redondeadas y embellecedores en los extremos que ocultan el interior del perfil. Su disposición en esquina y sus fuertes uniones dotan a este modelo de gran estabilidad, lo que permite mantener la medida de sus bases en 250 mm, sin necesidad de enganches a pared o a suelo. Es posible integrar paneles deslizantes de 725 mm y 1125 mm, en posición frontal o posterior. Combinable con el resto de referencias de la colección Wing. La altura máxima recomendada es de siete estantes.
