HOOK

ST.012-1ENG

SPECIFICATION

Range: **HOOK**

Design: **Raffaello Manzoni**

Codes: 1562, 1562-TT, 1563, 1563-TT, 1564, 1564-TT

35 cm — 17 cm — 7 cm — **1562**

51,5 cm — 17 cm — 7 cm — **1563**

68 cm — 17 cm — 7 cm — **1564**

Codes: **1562, 1562-TT**

Dimension: start unit: height 17 cm, lenght 35 cm, depth 7 cm
add-on unit: height 17 cm, lenght 33,5 cm, depth 7 cm

Description: 4-seat wall-mounted coat rail (2 knobs and 2 hooks). Support bar in 15x30 mm elliptic-shaped tubular chrome-plated steel, with two hanger elements consisting of a knob and hook, made in black high-tech polymer (code1562) or transparent (code 1562-TT) polycarbonate. The coat hanger elements can be left free to slide or be fixed by screws located at the rear. The support bar is fitted with two black high-tech polymer (code 1562) or transparent (code 1562-TT) polycarbonate supports which are mounted on the wall using four screws and dowels. The coat rail bar is equipped with two terminal supports (left and right) and an intermediate support for continuous assembly.

1562

### Codes: **1563, 1563-TT**

Dimension: start unit: height 17 cm, lenght 51,5 cm, depth 7 cm
add-on unit: height 17 cm, lenght 50 cm, depth 7 cm

Description: 6-seat wall-mounted coat rail (3 knobs and 3 hooks). Support bar in 15x30 mm elliptic-shaped tubular chrome-plated steel, with three hanger elements consisting of a knob and hook, made in black high-tech polymer (code 1563) or transparent (code1563-TT) polycarbonate. The coat hanger elements can be left free to slide or be fixed by screws located at the rear. The support bar is fitted with two black high-tech polymer (code 1563) or transparent (code 1563-TT) polycarbonate supports which are mounted on the wall using four screws and dowels. The coat rail bar is equipped with two terminal supports (left and right) and an intermediate support for continuous assembly.

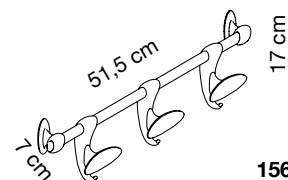

1562-TT

Codes: **1564, 1564-TT**

Dimension: start unit: height 17 cm, lenght 68 cm, depth 7 cm
add-on unit: height 17 cm, lenght 66,5 cm, depth 7 cm

Description: 8-seat wall-mounted coat rail (4 knobs and 4 hooks). Support bar in 15x30 mm elliptic-shaped tubular chrome-plated steel, with four hanger elements consisting of a knob and hook, made in black high-tech polymer (code 1564) or transparent (code 1564-TT) polycarbonate. The coat hanger elements can be left free to slide or be fixed by screws located at the rear. The support bar is fitted with two black high-tech polymer (code 1564) or transparent (code 1564-TT) polycarbonate supports which are mounted on the wall using four screws and dowels.
